\*Some assessors have found it helpful to mark the letter that corresponds to a pop-up when the child successfully engages the pop-up. For children who immediately push the pop-up back down, this makes it easier to know when all pop-ups have been engaged (one solution). Each letter refers to a corresponding pop-up (i.e., the first pop-up is "A", second is "B", etc.). If your pop-up toy has more than four pop-ups, add the letter "E."
