

## ECI Administration Checklist

ECI Assessor \_\_\_\_\_ Date: \_\_\_\_\_

Format:  Live  Video

This checklist may be used to check administration fidelity of the ECI. To be certified to administer the ECI, the adult play partner should complete **at least 13 of 15 (86%)** of the administration steps.

### Setting up the ECI Administration Situation: Materials & Positioning

1. Adult play partner sets up the House or Barn prior to session.
2. The toys inside have been arranged to attract child's attention.
3. Barn or house is set up so it is facing the child and accessible.
4. Adult and child are positioned so they can see and reach the toys.
5. Adult play partner and child can have eye contact.
6. Child is positioned appropriately for his/her developmental level (head, neck and feet supported as needed).
7. Session is timed.

### ECI Assessment Administration: Play Situation

8. Adult play partner follows child's lead in play situation.
9. Adult play partner comments about what child is doing with toy.
10. Adult play partner describes what he/she is doing with toy to encourage child to play with the toy.
11. Adult play partner interacts in non-directive, friendly manner.

### Ending ECI Session

12. Session ends exactly after 6 minutes.
13. Adult play partner lets child know that it is time to stop.
14. Adult play partner thanks child for playing.
15. Adult play partner cleans toys (may be reported).

Administration Accuracy = (Total Number of Steps Completed Correctly/16 Steps) x 100 = \_\_\_\_\_% (Need 86%)
